

Super Shotmax™

10X the volume of the ShotMax, the incredible, manual-feed Super ShotMax has continuous output without CO2. The longer you feed the unit, the longer the confetti will continue to fly. Super ShotMax blasts over 45' high and at a 35' distance! Add CITC's SnoBiz, and create a virtual white-out, or you can mix with confetti for a wedding extravaganza. The wind created by the powerful blower inside will keep the confetti in the air for extremely long periods of time.

Specifications

100262 120vac, 100263 230vac
Weight Machine Assembly: 50 lbs (22.7 kg)
Size: 24" x 24.5" x 46.5" (61 cm x 62.2 cm x 118 cm)
Weight - Shipping: 67 lbs. (30.4 kg)
Shipping Box Size: 24" x 24" x 48" (61 cm x 61 cm x 122 cm)
DMX: Optional DMX FX-15 on/off control
Wind Speed: 3 speeds
