

IF YOU HAVE A RENTAL DEPARTMENT OR SHOP, YOU NEED TO READ THIS!

SPECIAL BULLETIN FOR DEALERS!

We are having an extraordinary amount of customers calling to rent our machines, especially the Maniac LED moving head fog machine.

They want to rent multiple units, usually 4 -8 for concerts, special events, etc.

They are also calling for our award-winning AquaMax MP hazers and the Quiet Cube snow machines.

Please let us know if you have any of the above in your rental stock, or if you're interested in purchasing for rental or for stock.

Why keep CITC products in rental stock?

Almost all CITC products are made here in the USA, and if they are not, they are adapted, refined, and tested extensively for being durable and long lasting before ever leaving our doors. Support our USA workers.
