

"Beat It" is not just a song to CITC

"BEAT IT" DID IT
with CITC's
phenomenal
ECONOMICAL

SUPER FOAM DOME

"Beat It" is a reality singing competition from the Netherlands where the losing contestants are eliminated in a variety of different ways, including some messy and wet ones! The use of CITC's Super Foam Dome was one of the most unique and exciting ways to be eliminated. While singing a song, three contestants compete for having the best voice. Two out of the three get "foamed." In the video, you'll notice how thick and rich the foam is.

**HUGE REDUCTION IN 2016 TO \$995
(RETAIL) WHILE SUPPLIES LAST!**

CITC's Super FoamDome machine blows out all the competition. It is the one and only original effect's foam machine that has been upgraded, offering a whole new level of technology. Others produce stringy, wet, sloppy mounds of foam that don't last long. Not the Super Foam Dome! Ours is made in the USA

and produces a faster, thicker, drier, longer-lasting foam than any other product on the market. This unit is made to be "show tuff" and will last many years. **Order quickly while supplies last, and...**

Get a free case of Indoor or Outdoor foam fluid during the month of May.

Must mention this ad. No other discounts apply.
