

## A/C AIR LAUNCHER™

- Perfect for indoors or out
- Holds either bulk or up to 3 speedloads
- Streamers fly to 100'
- Confetti flies to 35'
- 7 Gallon air tank included
- Fill at filling stations or with compressed air

Top of the line! Economical and used widely in theme parks, special events and circuses. Features a built-in safety release, two types of filling valves, a pressure gauge, and an electric release solenoid valve (3/4" high volume type). Cannon fires as soon as it is plugged in, or if connected to an electrical switchbox, as soon as it is switched on. Use a momentary switch to get two shots from one tank. Use caps and foam pushers for extra distance.

We offer Stacked and Streamer Tissue Confetti as well as Mylar Confetti and SnoBiz bio-degradable artificial snow!

**120VAC #101050**
