

HURRICANE II

The Hurricane II™ Hanging Model is the only large air mover with a tilt and swivel mounting system. Our Hurricane II™ Floor Model has three speeds and it only takes three seconds to get to the top speed! This Hurricane II machine blows massive volumes of air without excess motor noise, and has continuous output without overheating.

FEATURES:

- Hanging and Floor models available
- With or without DMX
- Blow fog, haze, snow, wind to 150 feet (46 m)
- Tilt 300 degrees, swivel 360 degrees
- DMX on/off and 3 speed control
- Three seconds to top speed
- Quiet even at full volume
- Continuous output without overheating
- Lightweight, portable, and economical
